The Capital Campaign Committee will host a "webinar" on Tues, Jan 27 from 6:30 - 8 pm. This will be the last major campaign information session prior to the congregational "go/no-go" vote on Feb 8.

We'll start with a categorized list of FPB infrastructure projects & suggested implementation approaches. Information gathered over the past 18 months by FPB members plus external financial, energy and architecture consultants will next be summarized. We'll close with the campaign committee's recommendation to raise \$1.5M from 2026 to 2029. Church improvements resulting from these funds will benefit current and future FPB generations for decades to come.

Everyone is invited to join the webinar via the Zoom link

Questions and community feedback during tomorrow evening's call are encouraged.
